Strategic Projects/Project Manager Associate 100%

Ref: HR-FA-PM-2020-07-02

The Company

STALICLA is a patient-centric biotech company on a unique mission to identify, develop and bring precision medicine to patients with neurodevelopmental disorders (NDD), with a first application in Autism Spectrum Disorder. STALICLA has assembled a world-class team of experienced drug developers, clinicians and computational systems biologists.

DEPI, the company's unique drug discovery technology, characterizes biologically similar subgroups of patients within highly variable populations of patients with neurodevelopmental disorders, and further identifies tailored treatments. To support its drug discovery technology expansion and pipeline development, STALICLA has established strong networks within top tier research and clinical centers.

STALICLA's platform has already proven successful in expediting and de-risking a first pipeline, STP1, tailored to a subgroup of patients with autism spectrum disorder which will be entering clinical trials this year. In addition, STALICLA's DDS (Discovery and Data Science) unit is currently advancing new precision medicine pipelines for two additional groups of patients with Autism Spectrum Disorder.

The Role

As a rapidly growing company, STALICLA is currently expanding its team and opening - for immediate entry – a Strategic Projects/Project Manager Associate position.

The Strategic Projects/Project Manager Associate will be responsible for operationally managing ongoing collaborations under the supervision of the Head of Strategic Partnerships & Business Development as well as providing advanced support to the CEO through a variety of tasks and projects.

This role is an exciting career opportunity for an experienced, hands-on, fast-learning and dedicated individual willing to join a mission-driven, high-paced environment.

Responsibilities include but are not limited to:

- Manage collaborative projects: planning, resource management (budget and FTEs), progress reports, deliverables, ...
- Ensure smooth communication with the operational teams and to the management
- Support the Head of Strategic Partnerships & BD and the CEO in establishing pitch decks and business proposals
- Handle every information in a confidential manner

Requirements:

- Master degree or equivalent
- At least 1 year of experience in project management, including timeline and budget monitoring
- Excellent reporting skills
- Excellent communication skills with technical teams and senior stakeholders
- Knowledge of the pharma/biotech world an asset
- Fluent in English (verbal and written communication)

In addition, the candidates are expected to have:

- A high comfort level working in a high paced start-up environment, where a pragmatic, resourceful, well organized and effective approach is required with limited resources
- A hands-on, decisive approach and a proven ability to work independently and as a team player
- Excellent communication skills
- A passionate, energetic and enthusiastic personality that will ensure commitment to the company and its vision
- Ability to work in a multidisciplinary and international environment
- Highly adaptable to novel framework and work environment

Knowledge or interest in NDD or related therapeutic areas is an asset.

If you are ready to take on this step in your career, please send your application to info@stalicla.com

Due to a high volume of applications, no information will be provided by phone.

**Apply only if your profile matches the aforementioned mandatory requirements.
Only applications including a CV and a tailored cover letter in English will be considered.**
